

Early Bird Registration for APEC 2023 Closes on January 23; Social Event at Disney Hollywood Studios Added to the Program

APEC 2023 returns to Orlando for the first time since 2012; program includes exceptional range of papers, seminars, trade show and events; attendees encouraged to register and book hotel reservations; social event on Wednesday evening will take place at Disney Hollywood Studios

Orlando, FL—January 12, 2023—Registration for the 38th Annual Applied Power Electronics Conference – [APEC 2023](#) – is now open and early bird conference registration discounts remain available until January 23rd. Free Exhibits Only registration will open on January 30th. The conference and exhibition, running March 19-23 at the Orange County Convention Center in Orlando, Florida, continues the long-standing tradition of addressing issues of immediate and long-term interest to the practicing power electronics engineer. Outstanding technical content, including Technical Program Papers, Industry Sessions and Professional Education Seminars, will be offered at one of the lowest registration costs of any IEEE conference. APEC 2023 promises to provide attendees with a truly significant professional experience. Complete details for registering and hotel booking can be found at [APEC Registration](#).

APEC offers discounted rates at two hotels near the Orange County Convention Center. Attendees are encouraged to secure their reservations, as these hotels are expected to book up well in advance of the conference. Hotel reservations can *only* be made following conference registration. Links to APEC's contracted hotels will be sent via an automatic registration confirmation email. For more details, please visit the [Travel Information](#) page.

Disney Hollywood Studios to Host Social Event

A special highlight of APEC 2023 will be the Wednesday evening Social Event that will take place at Disney Hollywood Studios. The event includes evening access to the park with a special reception at the Indiana Jones Stunt Theater at 7:00 p.m. to enjoy dessert with fellow APEC attendees. All full conference attendees have a ticket included with their registration. Conference attendees can purchase additional social event tickets through registration for guests. Tickets include access to Disney Hollywood Studios and a gift card.

About the Applied Power Electronics Conference (APEC)

As *The Premier Event in Applied Power Electronics*[™], APEC focuses on the practical and applied aspects of the power electronics business. This is not just a designer's conference. APEC has something of interest for anyone involved in power electronics:

- Equipment OEMs that use power supplies and dc-dc converters in their equipment
- Designers of power supplies, dc-dc converters, motor drives, uninterruptable power supplies, inverters and any other power electronic circuits, equipment and systems
- Manufacturers and suppliers of components and assemblies used in power electronics
- Manufacturing, quality and test engineers involved with power electronics equipment
- Marketing, sales and anyone involved in the business of power electronics
- Compliance engineers testing and qualifying power electronics equipment or equipment that uses power electronics
