

## Heather Caldwell Joins the H<sub>2</sub>O Degree Management Team

*Seasoned customer service veteran adds her special talents to support H<sub>2</sub>O's growth*

Bensalem, PA— March 28, 2019 — [H<sub>2</sub>O Degree](#), manufacturer of advanced two-way wireless submetering systems for tenant billing, leak detection, utility conservation and building automation system integration in multi-family facilities, announces the addition of Heather Caldwell to its management team.

Heather has an extensive background in submetering, having served for over 30-years as customer service/inside sales manager at E-Mon Corporation, under the leadership of Don Millstein who is now President of H<sub>2</sub>O Degree. Ms. Caldwell will be managing inside sales and customer service and supporting H<sub>2</sub>O's extensive and expanding network of reps and distributors. She will also provide application support to end-users.

President of H<sub>2</sub>O Degree, Don Millstein, said: "After working together for so many years at E-Mon, it is great to be reunited with Heather Caldwell as part of our management team here at H<sub>2</sub>O Degree. She brings a special level of energy and customer insight into her work that infects everyone she deals with."

### About H<sub>2</sub>O Degree

*H<sub>2</sub>O Degree manufactures a broad line of wireless, radio-based submetering and leak detection & alarming systems that measure individual apartment or condo use of water, domestic hot water energy, boiler and chiller energy, electricity, gas and BTUs. The company also offers Green Thermostats which track energy use and apartment temperature while allowing tenants and property owners to set temperature set-points and schedules, adjust set-back temperatures when tenants are away or asleep and report HVAC maintenance issues.
